WELCOME & ADMINISTRATIVE

Introductions – Farnsworth called the meeting to order at 10:06 AM Central Time. The Teams participant list will be used to record meeting attendees.

Agenda – Merrill said he would tag on a discussion about PRRIP indexing at the end of the meeting.

Minutes:

FC MOTION: *Gebhart moved and Brundage seconded to approve the February 21, 2023 FC Virtual Meeting minutes. Minutes approved.*

2023 FC Procurement Table – Smith summarized the table, the action item for today, and upcoming items for FC review.

North Platte Chokepoint Engineering Services – Turner summarized the status of the selection and contracting process for the RFP. The selected contractor is Anderson Consulting Engineers, Inc.

PRRIP PROCUREMENT POLICY

Farnsworth summarized proposed changes to the PRRIP Procurement Policy related to the “Buy America” preference. Merrill discussed possible implications for the PRRIP in the future. The Procurement Policy changes will take effect as of July 1, 2023.

DYER LODGE REMOVAL

Farnsworth summarized the purpose and need for the RFB. Gebhart asked if this is the structure that property heirs may have been interested in. Merrill said that is the big farmhouse at Myer Farms on the eastern end of Associated Habitat Reach (AHR).

FC MOTION: *Gebhart moved and Scheel seconded to approve the Dyer Lodge Removal RFB. RFB approved.*

ISAC MEMBERS

Smith summarized the five (5) ISAC member contract amendments for their 2023-2024 service on the ISAC.

FC MOTION: *Gebhart moved and Taddicken seconded to approve the five (5) ISAC member contract amendments. Contract amendments approved.*

EXPANDED RECAPTURE RECONNAISSANCE STUDY

Turner summarized the purpose and need for the RFP. Taddicken asked about the acre-feet (AF) from the Cottonwood Ranch recharge project versus the total amount of recharge water available to be released to the river by the PRRIP. Farnsworth and Turner agreed to add clarifying language on these details in the RFP.

FC MOTION: *Brundage moved and Bradley seconded to approve the Expanded Recapture Reconnaissance RFP as amended by the FC. RFP approved, pending GC review of the scope and appointment of a Proposal Selection Panel in June 2023.*

**LOWER PLATTE RIVER MODELING**

Casavant summarized the purpose and need for the RFP.

FC MOTION: *Porath moved and Gebhart seconded to approve the Lower Platte River Modeling RFP. RFP approved, pending GC review of the scope and appointment of a Proposal Selection Panel in June 2023.*

PRRIP INDEXING

Merrill discussed the status of recent indexing for the PRRIP. In reviewing the 2022 indexing, the actual number was about 4 points higher which will result in having to correct about three years of indexing based on the new value. That will result in a slightly lower cost ceiling than originally anticipated but inflation has already bumped up the overall appropriation ceiling for the PRRIP. Merrill will be finishing up calculations this week and get that information to Colorado and Wyoming to review and then to the EDO for distribution in the June 2023 GC meeting packet.
