1 **Welcome and Administrative**

2 Chairman Czaplowski called the meeting to order at 10:05 am Central Time and the group  
3 proceeded with introductions.

4  
5 Czaplowski asked for agenda modifications. None were offered.

6  
7 Czaplowski asked for the LAC’s recommendation on the minutes of the May 8, 2019 LAC  
8 meeting.

9  
10 Rabbe made a motion to approve the minutes from the May 8, 2019 LAC meeting. Motion  
11 seconded by Zorn and passed unanimously.

12  
13 **General Update and Other Committee Coordination**

14 Czaplowski updated the LAC on the activities of the September 2019 GC Meeting. In land-  
15 related actions, the GC approved the PRRIP Land Interest Holding Entity contract for the  
16 Extension with Nebraska Community Foundation. The GC also approved acquisition of tract  
17 1906 in the Chapman complex. Czaplowski and La updated the LAC on the status of the Federal  
18 authorization of the First Increment Extension. The bill is on the Senate calendar for a vote, but  
19 progress is slowed by factors unrelated to the extension.

20  
21 Farnsworth updated the LAC on the October WAC meeting. The WAC discussed and provided  
22 recommendations on the FY2020 water plan budget. The Program’s water milestone sits at  
23 approximately 114,000 acre-feet. The Cottonwood Ranch broad-scale recharge project is nearly  
24 complete. The project will be filled sometime in 2020, after the seeding on the berms and  
25 disturbed areas has fully established.

26  
27 Baasch gave the update on the latest TAC meeting. The TAC discussed and provided  
28 recommendations on the FY2020 science and adaptive management budget. They also discussed  
29 a potential predator study and predator control actions for PRRIP least tern and piping plover  
30 nesting sites. The TAC reviewed and provided input on the Dippel property operations and  
31 management plan, to be approved by the LAC.

32  
33 Sackett provided the LAC with an update on the current land objective status. PRRIP owns or  
34 manages 13,224.4 acres. 705 acres of that total is currently credited towards the Extension plus-  
35 up goal of 1,500 acres. Some management agreements that are currently counted towards the  
36 13,224.4-acre total may not be renewed for the Extension, but the total acres at risk would not  
37 drop the milestone progress below 10,000. EDO staff are still contacting landowners and  
38 attempting to renew all management agreements for the Extension.

39  
40 **2020 Land Plan Budget**

41 Tunnell walked the LAC through the FY2020 land budget work plan. The largest LP-2 habitat  
42 actions from a budget perspective are disking and prescribed fire. The largest LP-4 operations  
43 actions are noxious weed control and maintenance of fences and roads. Sackett discussed the  
44 LP-3 line item, which includes approximately \$130,000 of property taxes for all of PRRIP lands.

45 The LAC requested some formatting changes to the work plan document but had no changes to  
46 any budgets.

47  
48 **Shadle motioned to recommend GC approval of the 2020 land budget. Motion seconded by**  
49 **LaBonde and passed unanimously.**

50  
51 **Dippel Management Plan**

52 Tunnell introduced the Dippel land management plan, and walked the LAC through the various  
53 goals and objectives for this tract. The TAC has reviewed and commented on the plan, and those  
54 comments were already incorporated into the version that was distributed to the LAC. The LAC  
55 requested that the specific costs and timelines be removed from Goal 1 Objective 1, and  
56 requested to strike Goal 9 Objective 9 from the management plan.

57  
58 **Rabbe motioned to approve the Dippel management plan, as amended, and forward to the**  
59 **GC with a recommendation to approve. Motion seconded by Pierson and passed**  
60 **unanimously.**

61  
62 **Land Offerings**

63 **Shadle moved to go into executive session with LAC members, alternates, and technical**  
64 **staff to review details of land offerings. The motion was seconded by Bendfeldt. The**  
65 **motion carried and the committee entered executive session at 12:07 p.m.**

66  
67 **LaBonde moved to come out of executive session. Zorn seconded and the motion carried.**  
68 **The committee came out of executive session at 1:55 p.m.**

69  
70 **Rabbe moved to forward tract 1910 to the Governance Committee with a recommendation**  
71 **to continue pursuit of the tract as non-complex land counting towards the goal of acquiring**  
72 **60 acres of additional off-channel sand and water habitat. LaBonde seconded and the**  
73 **motion passed unanimously.**

74  
75 **Rabbe moved to forward tract 1905 to the Governance Committee with a recommendation**  
76 **to cease further pursuit of this tract. Motion seconded by Shadle and passed unanimously.**

77  
78 **Rabbe moved to table further discussion of tract 1902 until a final determination is made**  
79 **for tract 1910. Motion seconded by Shadle and passed unanimously.**

80  
81 **Reorganize Officers**

82 Chairman Czaplewski opened the floor for nominations and recommendations for the chair and  
83 vice-chair positions on the LAC for 2020.

84  
85 **LaBonde moved to retain Mark Czaplewski as LAC Chairman for 2020. Motion seconded**  
86 **by Shadle and passed unanimously.**

87

88 **Shadle moved to nominate and approve Dave Zorn as LAC Vice-chair for 2020. Motion**  
89 **seconded by LaBonde and passed unanimously.**

90

91 **Public Forum**

92 Chairman Czaplewski asked for public comments, none were offered.

93

94 **The LAC did not schedule a time for the next meeting. It will be scheduled as needed –**  
95 **likely in February 2020.**

96 With no further business, the meeting was adjourned by Chairman Czaplewski at 2:07 p.m.
