1 **Welcome and Administrative**

2 Chairman Czaplewski called the meeting to order at 9:00 am Central Time and the group
3 proceeded with introductions.

4
5 Czaplewski asked for agenda modifications, none were requested.

6
7 Czaplewski asked for the LAC's recommendation on the minutes of the October 20, 2014
8 meeting.

9
10 **Shadle made a motion to approve the minutes from the October 20, 2014 LAC meeting.**
11 **The motion was seconded by Merrill and passed unanimously.**

12
13 **GC Update and Other Committee Coordination Information**

14 *GC Update*

15 Czaplewski updated the LAC on recent GC activities. The GC held a special session on
16 November 12 to discuss the PRRIP budget for 2015. The entire budget was discussed, and there
17 were little or no proposed changes. There was no formal action – approval will be at the
18 December GC meeting.

19
20 The next GC meeting is December 2 & 3 in Denver, CO.

21
22 *Other Committee Coordination*

23 Sellers updated the LAC on recent TAC activities. The TAC and WAC have also been primarily
24 focused on budget review in advance of the December GC meeting.

25
26 *General Update*

27 Sackett updated the LAC on upcoming and completed land acquisitions. Tract 0901, west of
28 Kearney, is under contract and expected to close in December. Terms are very close to complete
29 for the contract for a land exchange where the Program would receive a second property west of
30 Kearney, in exchange for a portion of Tract 2012003. Contract discussions with The Nature
31 Conservancy are also advancing well for a land trade to acquire property in the Fort Kearny
32 Complex.

33
34 Farnsworth updated the LAC on the burn plan for 2015. PRRIP is planning on burning this
35 spring. Jerry Kenny is working with Region 6 USFWS staff to see if there is a permitting
36 process to allow burning into Migratory Bird Treaty Act time windows. EDO staff is also
37 working with the local USFWS Refuges division to see how they proceed with burns that occur
38 during MBTA time windows on their properties.

39
40 **Recommendation for 2015 Annual Work Plan and Budget**

41 Sackett discussed the LAC budget for 2015. The budget and work plan was sent to the LAC via
42 email, and no comments were received. Shadle asked if there was a grazing plan in place at
43 Cottonwood Ranch. Tunnel said yes, and it is continually adjusted in cooperation with Jim

44 Jenniges. So far only one burn was able to be completed on CWR, and some haying has been
45 done to keep vegetation low for crane migration.

46

47 **Urie made a motion to recommend GC approval of the LAC budget and 2015 work plan.**
48 **The motion was seconded by Heaston and approved unanimously.**

49

50 **Plan for Updating and Creating 5-year Management Plans**

51 Sackett said that there is no action necessary for this item, just wanted to provide an update and
52 get people thinking about management plans. Some properties that have management plans in
53 place will come up for 5-year review in 2015, and some of the latest acquisitions will need plans
54 developed. Farnsworth said that a lot of the species data collected up to this point is being
55 analyzed and close to being finished. These completed analyses will help guide the next round
56 of management activities for PRRIP properties, and we should start to receive them by early
57 summer 2015.

58

59 **Public Forum**

60 Chairman Czaplowski asked for public comments, none were offered.

61

62 **Closing Business**

63 **No future meeting was scheduled. The next meeting will be scheduled as needed, possibly**
64 **in late February prior to the March GC meeting.**

65

66 With no further business, the meeting was adjourned by Chairman Czaplowski at 9:40 a.m.
