Project Objectives:

- Document whooping cranes on the Platte River and along return transects within 3.5 miles of the Platte River.
- Daily flights along the Platte River 45 minutes before sunrise between Hwy 10 and Lexington, NE from October 9, 2019 – November 15, 2019.

*****Pilot and aircraft must be available daily between October 9 and November 15, 2019*****

All flights will be flown at 750 feet above ground level at approximately 100 mph unless conditions (weather, avian species, etc.) dictate otherwise. Daily flights will be initiated at their origin (HWY 10 or Odessa) 30 minutes prior to sunrise and generally require 2 hours to complete. Flights will proceed along predetermined flight transects with the river transect being flown east to west and return transects west to east.

NOTE: Price requested are hourly rates for aircraft and pilot. Payment will be made on actual hours worked and expenses incurred.
