

**PLATTE RIVER RECOVERY IMPLEMENTATION PROGRAM
P22-001: PRRIP 2022-2025 Permitting Services RFP**

1) Is there a cap on the % increase that can be made on our proposal fee schedules year over year for the four-year lifespan of the contract?

There is no set cap on annual rate increases. The RFP (lines 44-45) only specifically requests an hourly rate and direct expense table for 2022. All actual work and billing rates for 2022 and subsequent years of the 4-year contract will be approved through project-specific Task Orders.
