

**PLATTE RIVER RECOVERY IMPLEMENTATION PROGRAM
P23-006: North Platte Chokepoint Engineering Services RFP**

Updated April 6, 2023

1) Are there any exclusions to the 50-page proposal limit?

Under the Proposal Content expectations listed on page 8 of the RFP, the proof of insurance certificates required per item #6 and as specified in the terms of the Standard Consulting Services Contract (Exhibit B of the RFP) are excluded from the 50-page limit.

The lobbying certification required per item #9 and attached at the end of the Standard Consulting Services Contract (page 35 of the RFP packet) is also excluded from the 50-page limit.

All other requested proposal content counts towards the 50-page limit.

2) Can an 11x17 sheet be used for a schematic diagram and if so, does it count as 1 or 2 sheets towards the page limit?

Yes, 11x17 sheet size is acceptable for this or similar purposes and would count as 1 page.
