The undersigned acknowledges receipt of the following plans and specifications:

# 1 ( ) Sheet 1 – OCSW Excavation

### Project Objectives:

- Items 1: Remove Berms
  - The objective is to remove berms adjacent to water ditch and level for predator fence construction.
- Items 2: Level and Smooth Sand to Water's Edge
  - The objective is to smooth out piles/berms of sand.
- Items 3: Excavation to Widen Water Barrier
  - The objective is to excavate material 2-3 feet deep to create wider waterway between sand nesting areas.

Please provide a short narrative summarizing your approach to completing objectives 1-3 including an estimate of time and equipment needed:

## PROJECT SPECIFICATIONS

### PART 01 GENERAL

#### 1.1 SUMMARY

1.1.1 Description of Work: Furnish equipment, transportation, labor, supervision, supplies, and materials, remove berms and excavate materials as specified on Sheet 1 for the project.

1.1.2 Location: Work under this Contract is in Buffalo County, Nebraska. The work site is located southeast of the city Kearney on the Platte River.

#### 1.2

1.1.3 Schedule of Work: The performance period of this Contract shall be from date of award through **December 20, 2025 or as negotiated with successful bidder.**

#### 1.2 LIABILITY/INSURANCE

1.2.1 The successful bidder agrees to carry appropriate Workers' Compensation, hazard, and liability insurance coverage during the term of this contract. The successful bidder shall furnish the Program satisfactory proof of coverage of the applicable insurance required. Upon request from the Program, the Contractor shall have the Program and Nebraska Community Foundation named as an additional insured on the Contractor's policy and provide the Program with evidence that the appropriate insurance coverage is in effect. Any bidder being self-insured must submit complete documentation that shows the company has sufficient insurance coverage to cover the terms and conditions of the contract.

#### 1.3 QUALITY ASSURANCE

1.3.1 Code and Standards: The work shall comply with the specification as written, and with codes and standards applicable to this type of work. This Contract may incorporate the use of specialized equipment to perform the required end product, with the same force and effect as if they were given in full text.

#### 1.4 PROJECT/SITE CONDITIONS

1.4.1 Access to the Work: Public roads and unpaved access road on the property. All of work takes place within the floodplain of the Platte River.
